Made in USA

MODEL	CAPACITY # of pans	WIDTH DIM A	DEPTH DIM B	HEIGHT DIM C	SHIP WEIGHT
CTI46	3	48"	30"	36"	355
CTI61	4	63"	30"	36"	420
CTI76	5	78"	30"	36"	480
CTI91	6	93"	30"	36"	575

GENERAL: Ice well serving counter has 16 gauge stainless steel exterior and interior double wall construction, reinforced with 12 gauge galvanized steel hat-channels and base framing. Solid stainless steel bottom is standard. Ice pan is foamed in place with 1" of high density polystyrene insulation. All exterior surfaces shall be ground and polished to a #4 finish.

*Powder coated unit's exteriors and bottom will be constructed with 16 gauge paint-lock steel. The interior and exterior of the base unit will be powder coated.

TOP: Top shall be one piece 16 gauge 300 series stainless steel (14 gauge available). Ice well is 6" deep all stainless steel.

ICE PAN: Constructed of 18 gauge stainless steel sloping from 6" to 6 1/2" at drain end. Well is foamed in place with 1" of high density polystyrene insulation on sides and bottom. A 18 gauge 304 stainless steel perforated false bottom for drainage is provided. A 3/4" drain with strainer and shut off valve included.

ELECTRICAL: Optional 115 V 15 amp. convenience outlet available.

CASTERS: Unit shall have 4 heavy duty 5" casters two locking, through bolted to the 12 gauge hat-channels.
